DEATHS.

—Mrs. Frances Chism, aged 94, died of old age Monday at Winchester. She drew a pension on account of the services of Commodore James Chism in the War of 1812. Her death leaves only one pensioner of that War living in Clark county, Mrs. Nancy Baxter, and her death is daily expected.

—Mrs. Annie Moran, wife of Mr. Thos. Moran, died at her home on eighth street, Wednesday, after several weeks illness. She is survived by her husband and seven children. Funeral will be held this morning at 9 o'clock, at Catholic church, services by Rev. Father E. A. Burke.

—Mrs. J. S. Craycraft, aged 48, who died at White Sulphur, Scott county, was buried in the Paris cemetery yesterday afternoon. The remains were brought over on the afternoon train of the Frankfort & Cincinnati R. R.

—Mrs. Mellie Johnson Winston, aged 65, wife of Mr. J. L. Winston, died at her home in Covington Wednesday morning. She is survived by her husband, who was at one time a popular passenger conductor on the K. C. She has been a very delicate woman for years. She was an aunt of Mr. W. A. Johnson, of this city, and a great-aunt of Mr. F. P. Walker. The remains will arrive here this morning, on the 11 o'clock train, and the funeral will be held immediately at the Second Presbyterian church. Services by Rev. Dr. E. H. Rutherford. Burial at Paris cemetery.

NOTICE.—Dr. J. T. McMillan will be absent from his office until about the first of June. He first goes to the State Dental Association meeting at Louisville, and then to Martinsville, Ind., to be treated for rheumatism.

CHURCH CHIMES.

—Elder Carey Morgan will preach the baccalaureate sermon to the graduating class of the Bourbon Female College, at the Christian Church, Sunday morning.

—The fourth of the series of sermons on "Home," by Elder Carey Morgan, will be preached Sunday night, and his subject will be, "What Influence is Most Harmful to Our Boys?" Elder Morgan has written to a number of leaders of thought in different parts of the country, asking them the above question, and on this occasion will read their answers. This will give you what some of the leading minds of the country think about this important question, and is calculated to be very helpful. Large crowds are still attending these night services and enjoying and being benefited by the practical series of sermons.

LIVE STOCK, CROP, ETC.

—J. J. Younker shipped yesterday a two-year-old colt by Hindoo, out of Queen Dixon, to Mr. John Rodagap, at Latonia. This was an exceptional fine looking colt, and is sure to be heard from later on.

—R. N. Ratliff, of Carlisle, sold a mule colt this week to Eugene Davis, for \$142 50.

—Boardman & Hopkins, of Little Rock, have purchased 20,000 pounds of wool at 22 to 24 1/2 cents per pound.

—The latest report of the Department of Agriculture shows the crop conditions up to May 1st more uniformly unfavorable throughout the United States than ever before. Wheat, which is short in acreage, averages very poorly as to condition.

MAY KNOCK OUT TOBACCO TRUST.—The recent movement of the Continental Company in cornering all the burley in sight may prove the undoing of the combine or tobacco trust. The Burley Leaf Association has decided to bring suit against the trust, and also to press the Sherman anti-trust law. It is believed that it can be shown that the methods of the Continental are illegal and a violation of the anti-trust laws and the courts shall so decide. Every dealer, it is said, who has given options on last year's crop will be dragged into the case. An early test of the case will be made and upon the result will depend the delivery of the purchases where the Continental is not already in possession of the tobacco.

Laborers Wanted.

The contractors for Lock No. 11, at College Hill, East of Richmond, are now at work in full force. The work will be conducted on a large scale, the intention being to employ 300 men on the work. This will afford a splendid opportunity for all first-class laborers, carpenters, hoisting engineers, etc., to secure steady employment. H. C. TALBOTT & Co., College Hill, Ky.

The New Episcopal Bishop.

The 76th annual council of the Episcopal diocese of Kentucky Tuesday chose Dr. John G. Murray, of Baltimore, as bishop to succeed the late Bishop Dudley. A dispatch from Baltimore quotes Rev. Dr. Murray as saying Monday that he would not accept the bishopric.

Dr. John G. Murray is now the rector of St. Michael's and All Angels' church, the largest Episcopal church in Baltimore. He is a native Marylander, but the greater part of his life has been spent in the South. His selection Thursday is the second time that Dr. Murray has been elected a bishop. After the death of Bishop Hugh Miller Thompson, of Mississippi, Dr. Murray came within two votes of an election as bishop of Alabama.

Dr. Murray has been twice married. His first wife and several children were lost about 20 years ago, when the steamer Belmont was blown over on the river opposite Henderson. He has since married again and has four children.

THE JAPANESE TROOPS

**Are Practically Masters in South
End of Peninsula.**

Port Arthur and Vicinity Alone is Ex-
cepted—Cause Given For the De-
struction of Dalm by the Rus-
sian Soldiers.

St. Petersburg, May 18.—Advises re-
ceived by the general staff show that
the Japanese are practically masters
of all of the southern end of the Liau
Tung peninsula, save Port Arthur and
the territory commanded by its guns.
This result, so promptly brought about,
is due to the failure of the Russians to
make opposition of any consequence
to the Japanese advance.

A member of the general staff said
to a press representative that the re-
moval of the guns from the fortifica-
tions erected at Kin Chau and the de-
struction of Port Dalm were primarily
for the purpose of concentrating the
entire Russian force at Port Ar-
thur. If the men and guns were scat-
tered the effect would have been to
distribute the means of defense of the
fortress over a number of points
strategically weak. The destruction of
Dalm was the result of no sudden de-
termination, but was due to the prob-
ability that a force attempting to hold
this place could be separated from
Port Arthur and captured, thus inflic-
ting further loss of prestige to the Rus-
sians which could not be permitted at
this time. To defend the whole of the
southern end of the Liau Yang penin-
sula it would have been necessary to
have an army equal to that which the
Japanese could have landed.

Chicago, May 19.—A special to the
Daily News from Che Foo, says: The
Daily News dispatch boat Fawan while
passing Port Arthur about 10 a. m.
Wednesday heard six heavy explo-
sions. They appeared to proceed from
the inner harbor and suggested the
idea that the Russians were blowing
up their ships and docks.

London, May 19.—The Daily Tele-
graph's New Chwang correspondent,
under date of May 18, says: "After
driving out 1,500 Russians and destroy-
ing the railway the Japanese re-em-
barked from Kai-Chau, the combined
fleet heading southward.

"The Russians re-entered New
Chwang with 1,000 infantry and two
batteries of artillery but all prepara-
tions are made for another hasty evo-
cution."

Che Foo, May 19.—Russian refugees
who arrived here Thursday on a junk
from Port Dalm say that the Japanese
bombed Port Arthur last Monday.
Russian officers who were on Golden
Hill declared, according to the refu-
gees, that during the bombardment a
Japanese battleship and a cruiser
struck mines and sank.

The warships reported to have been
sunk off Port Arthur are the battle-
ship Shikishima and the armored
cruiser Asama. The story is not be-
lieved here, but the Russians who
brought the news insist that it is true.

The Shikishima is a first-class bat-
tleship of 14,850 tons displacement.
She is 400 feet in length, 75 feet beam
and has a draught of 27 feet and an
indicated horse power of 14,500.

Her armor belt is nine and four-
tenths inches thick and her turret ar-
mor is six-tenths inches thick. Her
deck armor is of three and five-tenths
inches. She carries four 12-inch guns,
14 6-inch guns and 20 quick-firers. She
has five torpedo tubes. Her speed is
reckoned at 18.5-10 knots and she car-
ries a complement of 741 men. The
Shikishima was built on the Thames
in 1898.

According to a recent list of Japa-
nese navy officers I. Toragaki was in
command of the Shikishima.

According to the same list S. Yata-
suhiro was in command of the armored
cruiser Asama. This vessel is of 9,750
tons displacement. Her length is 408
feet, beam 67 feet and her draught 24
feet. Her indicated horse power is
19,000 and her speed is 22 knots. Her
armor belt is 7 3/8 inches thick. She
carries four 8-inch guns, 14 6-inch guns
and 10 smaller ones. She was built
in 1898.

LABOR LEADER ARRESTED.

He is Charged With Complicity in
An Assault.

Chicago, May 19.—Albert Young,
business agent of the Coal Teamsters'
union, was arrested Wednesday night
on a charge of complicity in an as-
sault, said to have occurred in St.
Louis last December when Young, who
was then organizer of the Internation-
al Teamsters' union, was attempting
to settle the cabmen's strike there.

Tragedian Ends His Career.

New York, May 19.—Hudson Lang-
don, a graduate of Oxford, who en-
tered upon a stage career under Irving
many years ago and achieved consid-
erable reputation as a tragedian, has
been found dead in his apartments
here. He had committed suicide by
inhaling gas.

Suicide's Identity Found Out.

Wilkesbarre, Pa., May 19.—The ci-
garmakers convention here found out
the identity of the man who commit-
ted suicide at Nanticoke a few days
ago by throwing himself under an en-
gine. He came from Latonia, Ky., and
his name was John Eck.

Russian Emigration Increasing.

Copenhagen, May 19.—Russian emi-
gration by way of Copenhagen is in-
creasing. Three hundred Russian
Jews left Wednesday for New York
and larger parties are expected to sail
within the next few weeks.

A JURY SECURED.

Testimony in the McDonald Murder
Case, at Bedford, Ind., Being Taken.

Bedford, Ind., May 18.—After ex-
hausting nearly 150 of special venire,
a jury was made and accepted to hear
the case of James McDonald, charged
with the murder of Sarah Schafer.
The trial proper began Tuesday after-
noon. The jury in charge of bailiffs
and other officials went to the scene
of the murder where the body was
found and familiarized themselves
with the location of the surroundings.

The witnesses examined Tuesday
were Dr. and Mrs. T. D. Nicholson, at
whose home, Miss Schafer roomed un-
til Christmas; Clinton S. Norton, mem-
ber, and Superintendent Alexander, of
the school board; Miss Lillian Stout,
teacher, and Miss Arda Knox, prin-
cipal of the high school, and William
Owen, an electrician, who testified to
the light on the street on the night of
the murder; Mrs. Mary F. Cook, Eu-
phemis Cook and Sutor Harrison.
Prosecutor Miller said Tuesday night
that the state would probably conclude
the case by Thursday. Miss Eva Love,
a roommate of Miss Schafer, will be
called as a witness Wednesday. John
C. Schafer, father of the murdered
girl, in company with his two broth-
ers, C. M. Schafer, of Elkhart, and Ja-
cob R. Schafer, of Decatur, were here
Tuesday night and went over the
scene of the murder and later held a
conference with Prosecutor Miller.

Bedford, Ind., May 19.—In the trial
of James McDonald, accused of the
murder of Sarah Schafer here, Capt.
J. W. Cook, in whose cab she died,
and who was the first to discover it,
testified Wednesday morning as to the
condition in which the shed was left,
and his discovery of the body the next
morning when he went to look after
his cab preparatory to its use.

John C. Schafer and G. M. Schafer,
of Elkhart, father and brother of the
murdered girl, and Jacob Schafer, an
uncle, of Decatur, were in the court-
room Wednesday. The father was
called to the stand. His testimony
covered the last visit of his daughter
to their home in Elkhart, during the
holidays. When asked by Attorney
Lowe if she was of a happy disposition
he replied: "Indeed she was."

He said the family had no opinion
as to McDonald's guilt or innocence.
G. M. Schafer testified that his sister
had never shown evidence of sorrow
or trouble of any kind.

Capt. J. D. Alexander told of meet-
ing Miss Schafer on his way home on
the night of the murder. He said
that she was singing and that he spoke
to her.

Miss Addie V. Smith, at whose home
Miss Schafer roomed, testified that she
was absent from home on the night of
the murder. She said that Miss Scha-
fer rarely entertained company.

Arthur McKane and wife both testi-
fied that they were at the Johnson
boarding house on the night of the
murder and that they passed the
mouth of the alley where Miss Schafer
was supposed to have been murdered
between 6:15 and 6:30 and saw nothing
to attract their attention.

MONSTER SEA LION.

An Express Messenger Had An En-
counter With the Animal.

Kansas City, May 19.—W. H. May, a
Wells-Fargo express messenger, who
arrived here from the west on the Cal-
ifornia train over the Santa Fe rail-
way, had an encounter while nearing
Kansas City with a monster sea lion,
being transported from San Francisco
to New York. The sea lion broke from
its box and made for the messenger
at the other end of the car. Two dogs
chained in the car were set upon the
sea lion, but it drove them off, when
May was compelled to shoot it.

THE FREMONT VOTERS.

Nearly 200 Delegates at the State Con-
vention at Jackson, Mich.

Jackson, Mich., May 19.—Nearly 200
delegates attended the state Fremont
voters' convention here Wednesday.
The resolutions proclaim the right of
man to sell his labor where and to
whom he pleases, but labor is conced-
ed the right to organize unions. The
disfranchisement of the Negro in the
south is denounced. The Fremont
voters are to take a prominent part in
the "under the oaks" celebration of
the founding of the republican party
in this city in July.

Heir to Over a Million.

Des Moines, Ia., May 19.—Mrs. Flo-
rence Dunkelberg, of Waterloo, Ia., is
one of three heirs to the estate of her
uncle, Dr. G. E. Robinson, of Boston.
Her share in the inheritance will be
\$1,125,000. Among the properties is
Ocean Bay, a fashionable summer re-
sort on the Maine coast.

Balloting For President.

Washington, May 19.—The result of
Wednesday's balloting by Columbia
Typographical Union No. 101 shows,
with two chapters to hear from, a very
small majority in favor of Charles E.
Hawkes for president of the Interna-
tional Union.

Famous Francis Tavern Sold.

New York, May 19.—The fate of
"Francis Tavern," where Washington
bade farewell to his officers on Decem-
ber 4, 1783, has been settled through
the purchase of the historic building
by the New York state society of the
Sons of the Revolution.

Uxoricide and Suicide.

Belle Vernon, Pa., May 19.—Jealous
without cause, Clyde Robinson, 21,
Wednesday shot and instantly killed
his 19-year-old wife, then turning the
weapon upon himself, put a bullet into
his own brain.

WEAVING THE WEB.

No Direct Evidence Against Jas.
Gillespie.

The Prosecution in the Murder Case Is
Building Up From the Unimpor-
tant Preliminaries to the All
Important Direct Testimony.

Rising Sun, Ind., May 17.—The be-
ginning of the second week of the Gil-
lespie trial finds the state continually
strengthening the case against James
Gillespie. Although no direct testi-
mony has as yet been introduced to
connect him with the murder of his
sister, it is the plan of the prosecution
to build the case up from the unim-
portant preliminaries to the all-im-
portant direct testimony, which, it is
claimed, will connect Jim Gillespie di-
rectly with the act charged. Follow-
ing this plan, the state has built up,
incident by incident, a strong and co-
hesive story of relationships and mo-
tives.

Rising Sun, Ind., May 18.—The first
witness Tuesday morning in the Gil-
lespie case was Marshal and Special
Deputy Sheriff Thomas Overly, who
told about summoning Jim Gillespie
for the grand jury and serving on him
an order to bring his shotgun. He
said Jim refused to bring the gun, say-
ing that he wanted to consult an at-
torney first. Overly detailed the trip
of the posse the night of the shooting,
and told of the visits to the Barbour
and Seward yards. He repeated the
remarks testified to Monday evening
as having been made by Belle Seward,
concerning the search for the gun and
clues to the assassin.

Efforts were made Tuesday morning
by the state to get before the jury the
statement that Jim Gillespie had the
only 16-gauge gun in town. Overly tes-
tified that he had asked numerous per-
sons about any gun of the gauge, but
that he could find none other than that
produced in court.

The state succeeded in showing by
the witness that for three or four
months he had been investigating as
to a 16-gauge gun, and finally got it be-
fore the jury that no other gun of that
gauge could be found.

Rising Sun, Ind., May 19.—Detective
Franklin left town Wednesday hur-
riedly, and it is rumored he is out
seeking an important witness, to be
used in rebuttal.

One story afloat is that he has gone
after the man at Rabbit Hash, Ky.,
who has the 16-gauge gun Neal testified
to selling, the state expecting to prove
its whereabouts the night of the shoot-
ing.

The first witness introduced Wed-
nesday morning was Charles Gibson,
who has been a clerk in Gibson's hard-
ware store for 30 years. He identified
the shell given the grand jury by Bar-
bour as one of W. R. A. make.

James Fisher, a stable boy, then
took the stand. He said he was nearly
a square from the Gillespie house and
was at the lower end of that square
when the shot was fired. So much
shooting had been done in the neigh-
borhood of late he paid no attention
to this shot at first. He saw no one
run by him. The street lamp was
bright at the corner and he could have
seen any one run by.

USE OF FEMALE VOICES.

Bishop Kelly Orders That They Shall
Cease in Catholic Choirs.

Savannah, Ga., May 19.—Bishop
Kelly, of the Catholic diocese of Geor-
gia, Wednesday night mailed to
each of the churches in his juris-
diction a letter directing that under
the recent order of the pope the use
of female voices in Catholic choirs
should cease. The change must be
effective by January 1, 1905. Bishop
Kelly says that Catholics can not
blind themselves to the fact that the
pope's words were intended for them.

Appointed General Purchasing Agent.

Washington, May 19.—Postmaster
General Payne has selected William
E. Cochran, now chief post office in-
spector, to be the general purchasing
agent for the post office department.
The office was created at the last ses-
sion of congress.

Senator Quay's Condition.

Washington, Pa., May 19.—Senator
Quay's condition is unchanged. He is
not so well as at the beginning of the
week, but his physician stated that he
was not greatly alarmed by his condition
for the worse.

Contract Awarded to the Krupp Co.

Hong-Kong, May 19.—The contract
to supply all the plant necessary for
the new arsenal to be constructed in
the neighborhood of Canton, has been
awarded to the Krupp Co., of Essen,
Germany.

Murderer Pardoned.

Minneapolis, Minn., May 19.—R. Or-
tez, the Porto Rico murderer serving
a life sentence at Stillwater peniten-
tiary, has been pardoned by President
Roosevelt and will be released June 9.
No reason for the pardon is given.

To Arrange For the Convention.

Washington, May 19.—Former Sen-
ator James K. Jones, chairman of the
democratic national committee, will
leave Washington Saturday for St.
Louis to conclude details of arrange-
ments for holding the democratic na-
tional convention.

Two Cases of Yellow Fever Reported.

Austin, Tex., May 19.—State Health
Officer Tabor was advised that there
was one case of yellow fever in Valles,
and also one in Tampico. Valles is
about 75 miles west of Tampico. This
complicates the quarantine situation.

A World Wide Reputation.

Wherever men are there will be illness,
and wherever people are ill Dodd's Kid-
ney Pills will be found a blessing. Solely
on their merits have they pushed their
way into almost every part of the civil-
ized world. Their reputation as an hor-
rible medicine that can always be relied on
has been built up by the grateful praise
of those who have been cured. The two
following letters indicate just how the
reputation of this remedy knows no geo-
graphical bounds. The sick and suffering
all over the world are asking for Dodd's
Kidney Pills.

Dear Sirs:
I have been suffering for some months
from a kidney complaint. The doctor
who attended me recommended me to take
your "Dodd's Kidney Pills." After two
boxes I got some relief. But unfortunately
I have not been able to go on with the
treatment, being unable to find any Pills
in Cairo.

The Chemist who sold me the two boxes
has informed me that he had sent an or-
der for some, and has been keeping me
waiting for more than one month. This
is the reason why I am writing to you
to request you to have the goodness to
send me by return of post six boxes for
which I will pay as soon as I receive them
from the post.

Kindly let me know at the same time
where your branch agency in Egypt is
to be found. Thanking you in anticipa-
tion,

MOHAMED RACHED,

Office of the Minister of
Finance,
CAIRO, EGYPT.

Dear Sirs:
I want to purchase six boxes of Dodd's
Kidney Pills, but I don't know exactly
where to apply at Buffalo or London. I
suppose they can be sent by express or
registered mail from either place. Please
advise me of how to proceed in order to
get the pills without delay.

Yours truly,

RHEUMATISM
Bone or Back Pains, Swollen Joints
CURED
THROUGH THE BLOOD
By Botanic Blood Balm (B. B. B.)

TO PROVE IT, B. B. B. SENT FREE.
We want every reader of this paper who has rheu-
matism to send us his or her name. We will send them
by return mail a sample of Botanic Blood Balm, the
wonderful blood remedy, which has cured, to stay
cured, more old deep-seated, obstinate cases of rheu-
matism than all other remedies, doctors, hot springs or
liniments combined. Botanic Blood Balm kills the
acid poison in the blood, in its place giving
red, nourishing blood, sending a rich, tingling
flood of warm blood direct to the paralyzed nerves,
bones and joints, giving warmth and strength just
where it is needed, and in this way making a perfect
cure. B. B. B. has cured hundreds of cases where
the sufferer has been doubled up for years, or where
the joints had been swollen so long they were almost
brittle and perfectly rigid and stiff, yet B. B. B. unlimbered
the joints, straightened out the bent back and made a per-
fect, lasting cure after all other remedies had failed.

Leading Symptoms.
Bone pains, sciatica, or shooting pains up and down
the leg, aching back or shoulder blades, swollen
joints or swollen muscles, difficulty in moving around
so you have to use crutches; blood thin or skin
pale, skin itches and burns; shifting pains; bad
breath, etc. Botanic Blood Balm [B. B. B.] will
remove every symptom, give quick relief from the first
dose and permanently cure in a few weeks' time.

Weak, Inactive Kidneys.
One of the causes of Rheumatism is due to kidneys
and bladder. Pains in the loins and a feeling of a dull,
heavy weight in lower parts of the bowels, urinous
taste in mouth or disagreeable odor of the urine are
some of the leading symptoms. For this trouble
there is no better medicine than B. B. B. It stimu-
lates all the nerves of the kidneys into action, open-
ing every channel, resulting in healthy natural flow
of urine, the passing off of the acid and all other
diseased matter, and a lasting cure made. B. B. B.
makes the kidneys and bladder strong and healthy.

OUR GUARANTEE.—Take a large bottle of

PISO'S TABLETS

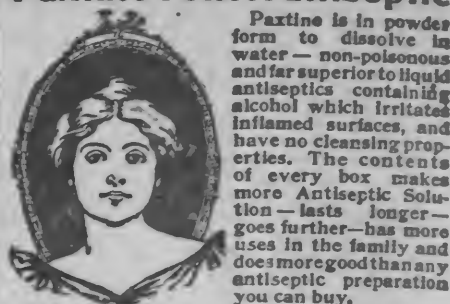

The New Boon for Woman's Ills.

SILENT suffering from any form of female
disorder is no longer necessary. Many
modest women would rather die by inches
than consult anyone, even by letter, about their
private troubles. PISO'S TABLETS attack the
source of the disease and give relief from the
start. Whatever form of illness affects you,
our interesting treatise, Cause of Diseases in
Women, will explain your trouble and our
method of cure. A copy will be mailed free

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus— Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood, Here the "good roads delegation," Swear the roads are suit'n'ly good.

But of pikes and highways finest, There's a "road" that suits my taste; 'Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis—Hurry! beat them under the wire, "Get the 'Henderson Route' habit"— 'Tis a good one to acquire.

—[Jack "Henderson" Gallagher]

TO THE POOLROOMS.

The Western Union Discontinues Racing Reports.

Small Concerns in New York Close—The Larger Ones Profess Themselves Well Pleased With Telegraph Company's Action.

New York, May 19.—Poolroom men here profess themselves as well pleased with Wednesday's action of the Western Union Telegraph Co., in supplementing the order of Tuesday by discontinuing the collection and distribution of horse racing reports at Chicago, Atlanta and San Francisco as well as at New York.

While the poolroom proprietors in New York have made money on the Morris Park races, they are said to have lost almost without exception on western races. So long as reports were received from the west, the poolroom men say, they had to take bets, though they did not want them. Now that the Western Union service from the western tracks has been cut off, only bets on the results at Morris Park are being taken. As a result Wednesday's profits to the poolrooms are said to have increased. Several of the big poolrooms down-town, however, did not fare so well as the smaller places and closed Wednesday afternoon, as their patrons were afraid to pay out big bets on information received by telephone. As soon as arrangements have been made to pay bets on the day after the races, instead of after each race, these rooms, it is said, will resume business.

The only other apparent result Wednesday of the cutting off of telegraphic reports was that books were closed much earlier than usual before each race.

District Attorney Jerome, when informed of the action of President Clowry, issued a statement in which he declared that he was satisfied that so far as the directors of the Western Union Co. are concerned, this action is fair and honorable, and is intended to accomplish what the authorities of this city would have been probably unable to accomplish without their action.

"My own interest in the matter," he said, "has been more because of the large moral question involved than because of any narrow technical criminality. If a great corporation is willing to sacrifice large profits which it perhaps could continue to make without being amenable to law, because to make such profits would be an immoral thing, we have had an illustration of corporate morality entirely unexpected and the influence for good of which may be incalculable."

San Francisco, May 19.—In accordance with instructions received from Col. Robert Clowry, president and general manager of the Western Union Telegraph Co., the collection and distribution of race track reports was promptly discontinued Wednesday at the following points on the company's Pacific division: Sausalito, Sacramento, Los Angeles, Seattle and Tacoma and Spokane. These are the only places in the division which have been receiving racing news over the Western Union wires.

THE NEGRO QUESTION.

The Establishment of Social Centers in Large Cities Suggested.

Chicago, May 19.—The establishment of centers in all large American cities on the plan of social settlements was offered as a solution for the Negro question at Wednesday's session of the Western Unitarian conference. The proposition, which was received with much favor, was discussed at length by the delegates present. It was argued that to meet the race question in a just manner it must be done with organized kindness. The establishment of centers along the plans of social settlements it was declared would place the race question upon a wise civic basis and bridge over the differences between the colored race with common sense.

CINCINNATI DAY.

It Will Be an Eventful One at the World's Fair.

St. Louis, May 19.—Cincinnatians are making elaborate preparations to have Cincinnati day, Tuesday, May 24, an eventful day at the World's fair. A special train will carry Ohioans. Stops will be made at Louisville and Evansville, Ind. At Owensboro, Ky. the party will partake of an old-fashioned barbecue dinner. Senator Foraker, ex-Attorney General Judge Judson Harmon and Mayor Fleischmann, of Cincinnati, will speak.

Presbyterian General Assembly.

Buffalo, N. Y., May 19.—The 116th general assembly of the Presbyterian church of the United States convened here Thursday with about 750 commissioners or delegates in attendance. The sessions will continue for at least ten days.

Elected Delegates to St. Louis.

Columbia, S. C., May 19.—The South Carolina democratic state convention elected as delegates at large to the St. Louis convention Senator B. R. Tillman, Gov. Dr. C. Heyward, Mayor R. H. Rhet, of Charleston, and Gen. Will Jones, the state chairman.

Gen. Miles the Guest of Honor.

Emporia, Kas., May 19.—Maj. Gen. Nelson A. Miles was the guest of honor at a reception given here Wednesday night by the state G. A. R., which is holding its annual encampment in this city.

THE CANAL STRIP.

Gen. George W. Davis, Governor of the Zone, Arrives in Colon.

Colon, May 18.—Gen. George W. Davis, the governor of the Panama canal strip, arrived in this city Tuesday to assume his duties. He was met by a number of officials and a warm welcome was given him. An address was presented to Gen. Davis. The following is the substance of the address: "The time has come when talk has ceased to be a virtue. The prolonged canal controversy has been fought to a finish and decided by the irresistible logic of spot cash. The time has also come when the struggle has been transferred from the forum to the field, from the capital to the jungle. The result is destined to be an industrial triumph—the greatest the world

GEN. GEORGE W. DAVIS, (Governor of Panama Canal Strip.) has ever seen. To-day it is our privilege to welcome you. To your able and experienced hands has been confided this great honor—this great labor.

"In the name of the infant republic we pray for your supreme success."

Gov. Davis briefly replied, saying: "I am deeply touched by your address of welcome. I agree with you that it is no time to talk, but that it is time for action, and as I am a man of action and not of talk, you will excuse me if I do not make a lengthy reply."

In an interview Gov. Davis said Culobra would be his headquarters for the present. He had brought with him secretaries and others whose duty it would be to look into police matters, disbursements, etc. The governor's headquarters later on will be at Panama.

New York, May 18.—Stuyvesant Fish, president of the Illinois Central Railroad Co., corrects a statement recently transmitted in the dispatches to the effect that the salary of John F. Wallace, as chief engineer of the Panama canal will be less than that received by him from the railroad company. Mr. Wallace's salary will be nearly double the sum he has hitherto received.

BATTLESHIP RHODE ISLAND.

The Vessel Was Launched at Quincy, Mass., at Midnight.

Quincy, Mass., May 18.—There were no formal ceremonies attending the launching of the battleship Rhode Island Tuesday. Mrs. F. C. Dumaine, wife of one of the directors of the Fore River Co., christened the vessel. Arrangements had been made for the launching to take place April 30, but a strike of mechanics at the ship yard necessitated a postponement. The company endeavored to make the delay as brief as possible, quietly planned to bring off the event this week, if possible, but no announcement was made in advance of the day of which it was to take place.

A crew of workmen was brought from Groton, Ct., to assist in the launching on account of the lack of skilled workmen at the yard, due to the strike. No interference was offered by any of the strikers.

The battleship Rhode Island was floated at the last of the flood tide at midnight. She is apparently uninjured.

No attempt was made to float the battleship during the day, owing to the ten-foot drop in the tide, but about an hour before high water Tuesday night six tugs took hold and succeeded in pulling the big vessel off the float into the basin.

Thrashed and Returned to Jail.

Danville, Va., May 18.—Thomas Davis, a white employee on the Shenandoah division of the Norfolk & Western railway, while on a drunken spree, entered the home of W. E. Pearson, near Ridgeway, Henry county, and at tempted criminal assault on Mrs. Pearson.

Monday night a body of determined men forced the jail, took the prisoner out, administered a sound thrashing to him and again placed him in confinement. There was no attempt at lynching.

Snuff Box Cost \$5,250.

London, May 18.—During the Hawkins sale of art objects a Louis XVI oval gold snuff box, inlaid with enamel plaques, decorated with classical subjects, has sold for \$5,250. The total proceeds of the sale to date is \$300,000.

To Make Zone Prohibition Territory.

Washington, May 18.—Various temperance organizations have begun a campaign to make the Panama canal zone prohibition territory. President Roosevelt is daily receiving letters to this end and is referring them to the canal commission.

Didn't Know It Was Loaded.

Chicago, May 18.—Mrs. John Phillips, 18, a bride of two months, living near Milburn, northwest of Waukegan, accidentally shot and killed her husband. She "did not know it was loaded," and is prostrated.

"LET US HELP YOU TO HEALTH."

Clarke & Co. Want Every Catarrh Sufferer to Use Hyomei and Be Cured.

Statistics show that at least 97 out of every 100 persons in this State suffer from catarrh in some form.

While the disease is one of the most common, it is also one of the most common and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei and its introduction in this section by Clarke & Co., every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasant of treatments. Put 20 drops of Hyomei in the pocket inhaler that comes with every outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote air cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health is restored.

Clarke & Co. say to all catarrh sufferers, "Let us help you to health, we are confident Hyomei will cure, so confident in fact, that we guarantee to refund your money if it fails. A complete outfit costs but \$1, and if it does not help you, your money will be returned promptly."

GOOD FISH STORY.—Mr. C. W. Burt, of Winchester, who is now with a fishing party camping near Clearwater, Fla., has just advised friends of his desperate encounter with a shark. He was fishing for tarpon along the Gulf Coast when he hung the monster, and then began a struggle so palpably unequal that other fishermen came to Mr. Burt's assistance. The fight was a long and fierce one, but finally, by the combined efforts eight men in four boats the shark was landed and proved to be an unusually large one, measuring 8½ feet across the head and weighing 1,200 pounds.

Some Facts About the New Court House.

There has been considerable talk about the contractors who are building the new Court House throwing up their job, also about a number of patches that were being allowed to go in the building, and wishing to give the public the true facts in the case, we went to the fountain head, Judge H. C. Smith, and asked him to tell us what he knew about these reports, and he kindly gave us the following statement:

"On Thursday, April 28th, about 1 o'clock, p. m., Mr. I. N. Crawford, of the firm of Gibson & Crawford, Court House contractors, came to my office and requested a private conference. We went into the little court room and he said to me: 'I am not a builder, and being over sixty years of age am too old to learn, and I have come to say to you that I am going to Indiana to see Mr. Gibson and try to get him to come back and take charge of the work, and if he won't come I am going to give up the job to Bourbon county, and if we don't come back, you take the job and finish it and do me right, and I want to do the right thing with the county. You will hear from me by Saturday.'

"On Saturday, April 30th, Mr. Crawford returned and Mr. Gibson came with him. On Saturday afternoon, the Building Committee and Mr. Milburn, the architect, had a conference with Messrs. Crawford & Gibson, and in that meeting I asked Messrs. Crawford & Gibson if they were going to complete the work, and they said 'that is our intention.' I then asked them what they were going to do about the stones that were broken by the falling of the derrick, and they answered: 'We have ordered others to go in their places.' They also promised they would put the work through as fast as possible."

"Now, Judge, what about all this patch work?"

"Some time the next week, after the above meeting, Mr. Minter, the Superintendent, came to my office and told me the contractors were going to patch the broken stone and put them back in the building, something he was very much opposed to. I immediately called Mr. Thomas, the Chairman of the Building Committee, and told him what Mr. Minter had told me, and advised him to call the Building Committee together to notify the contractors that Bourbon county would have no patch work in the Court House building. The next day I was called up by one of the Building Committee and requested to come over to the building, but I was so very busy trying exceptions in a guardian settlement case that I could not go. In the afternoon of the next day Mr. Minter came over and requested me to go over and see the stone the contractors were patching, that a majority of the Building Committee had voted to allow the stone to be patched, and he was very much opposed to it. I went over with Mr. Minter and the stone was shown to me and the way it would be when patched, and I was asked what I thought of it. I then said I was opposed to it, was opposed to any patch work going into the Court House. I then asked if the committee had given its consent to have that stone patched. I then asked how many more they were going to patch, and the answer was, five or six. I then asked if the Building Committee had agreed to the others, and they said, 'yes, we have showed them to the committee and they said for us to go ahead.' I then returned to my office and had the County Clerk call the Fiscal Court together, believing the Court was opposed to patch work. The Court met and the order that was passed is now on the order book of the Fiscal Court, where you can see it yourself."

The following is the order referred to by Judge Smith:

"Ordered that hereafter no patch work of any kind shall be placed in the new Court House."

From the wording of the order it will readily be seen that up to the time this order was made, there had been patch work put in the new building, and by consent, too, of the Building Committee. It seems to us that it would be best for the tax-payers of Bourbon county to do away with this Building Committee, and let the work proceed under the supervision of Mr. Geo. Minter, the Superintendent, who has opposed this patch work from the beginning, and who thoroughly understands the contract and who has had years of experience in building. The large sum of money paid out of the County Treasury to this committee is money thrown away.

Do the Right Thing.

At a meeting of the School Board, Monday night, Mr. Denis Dundon and Mr. E. M. Dickson made earnest talks in behalf of Prof. M. A. Comack, the Paris boy, who was so shamefully treated by this board, and urged the board to reconsider its action and elect Mr. Comack to the position. But it seems their efforts had no effect on the members of this board.

We understand that the board claims that the first election was not legal. If that is true, then the election of Prof. Whittinghill was not legal, nor was the election of any of the teachers legal, according to the Kentucky Statutes.

Gentlemen, reconsider, do the right thing. Do not be influenced by what one person tells you. Examine the records of these two men, Comack and Whittinghill. Comack received second honors in a class of 26 members, and if there is a member of the School Board that will show us or the public why Whittinghill is entitled to this place over this bright and worthy young Parisian, then we will cheerfully say you did right in turning Comack down. Simply because some one may desire a State College graduate, is no reason. Gentlemen, you have no valid reason for turning this poor boy down as you have, and public opinion or the courts should force you to do the right thing. It can be reconsidered without hurting anyone, for doing the right and proper thing cannot hurt. But, there is a chance of your consciences hurting you if you do not rectify this wrong.

Attacked By Stallion

John Stevens, the attendant of Col. E. F. Clay's thoroughbreds, was on Wednesday attacked by a vicious stallion in his paddock on the farm of Col. Clay, near town, and but for the timely arrival of assistance, would, perhaps, have been killed. While engaged in the paddock Mr. Stevens looked up and saw the stallion coming towards him with ears laid back. The horse struck him on the cheek bone, shattering the bone and cutting the skin around the eye. It was at first thought that the eye-sight would be lost. The horse intended to bite him, but struck him with such force as to knock him against the sides of the paddock. Another man, who saw the accident, rushed to his assistance and frightened away the stallion. He was brought to town where his injuries were dressed and from last reports was getting along nicely.

Knights Templar Conclave.

The fifty-seventh annual conclave of the Grand Commandery of Kentucky Knights Templar, has been in session at Frankfort for the past two days. The Couer de Leon, No. 26, of Paris, was represented by the following Sir Knights: F. L. Lapsley, B. A. Frank, Dan Peed, Owen Davis, Oscar Rankin, W. E. Board, Wm. Hinton, Jr., J. Quincy Ward, C. M. Thomas, E. M. Dickson, Thos. Wilmoth, E. J. Blankenship, Arnold, M. H. Dailey, James Stewart, Newt. Smith, and Joe Ewalt.

The Couer de Leon Commandery held a reception Wednesday in the ball-room at the Capitol Hotel which was one of the swell entertainments of the conclave. Mrs. W. E. Board, Mrs. Dan Peed, Mrs. E. M. Dickson, Mrs. Wm. R. Scott and Miss Lizzette Dickson were in the receiving line, and Miss Nannie Clay and Miss Browning, of Versailles, presided at the punch bowl.

There were about 2,500 people from all over the State in attendance at conclave.

What MITCHELL Says

I want the people who read this paper to know that I sure have the best eating candy in Paris.

The chocolates I sell you for 40 cents per pound cannot be any better.

If you pay 60 or 80 cents you are paying for the fancy packing, of course I have candy we sell for 60 cents per pound and it is strictly fancy and fine, but I want to have every lover of good candy to try my 40 cent creams, always strictly fresh.

Don't forget to send me your orders for the only genuine Blue Lick Water. I am the wholesale agent for the Springs Co. and can furnish it fresh at all times.

Yours truly,
C. B. MITCHELL.

A Continual Strain.

Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
with the attendant evils of constipation,
loss of appetite, sleeplessness, low vitality
and dependency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up
the liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and eventu-
ally dispels the physical or mental dis-
tractions caused by that "continual strain."

Healthy Mothers.

Mothers should always keep in good
bodily health. They owe it to their
children. Yet it is no unusual sight to
see a mother, with babe in arms, cough-
ing violently and exhibiting all the symp-
toms of a consumptive tendency. And
why should this dangerous condition ex-
ist, dangerous alike to mother and child,
when Dr. Boschee's German Syrup
would put a stop to it at once? No
mother should be without this old and
tried remedy in the house—for its time-
ly use will promptly cure any lung,
throat or bronchial trouble in herself or
her children. The worst cough or cold
can be speedily cured by German Syrup;
so can hoarseness and congestion of the
bronchial tubes. It makes expectora-
tion easy, and gives instant relief and
refreshing rest to the cough-racked con-
sumptive. New trial bottles, 25c; large
size 75c. At all druggists.—W. T.
Brooks.

ANNOUNCEMENTS.**FOR SHERIFF.**

We are authorized to announce E. P.
Clarke as a candidate for Sheriff of
Bourbon County, with Albert S. Thomp-
son and Wm. F. Talbot as deputies, sub-
ject to the action of the Democratic party.

We are authorized to announce Harvey
Hibler as a candidate for Sheriff of
Bourbon County, with Brutus J. Clay,
Jr., and James Burke as deputies, sub-
ject to the action of the Democratic party.

FOR ASSESSOR.

We are authorized to announce Henry
S. Caywood as a candidate for Assessor
of Bourbon County, with J. U. Boardman
as Deputy, subject to the action of the
Democratic party.

SUPERINTENDENT OF SCHOOLS.

We are authorized to announce F. L.
McCluskey as a candidate for the office
of County Superintendent, subject to the
action of the Democratic party.

We are authorized to announce Miss
Wallace Montague as a candidate for the
office of Superintendent of Public Schools
of Bourbon county, subject to the action
of the Democratic party.

FOR REPRESENTATIVE.

We are authorized to announce W.
W. Shropshire as a candidate for the
office of Representative of Bourbon
county in the next General Assembly,
subject to the action of the Democratic
party.

We are authorized to announce T. Por-
ter Smith as a candidate for the office
of Representative of Bourbon county in
the next General Assembly, subject to
the action of the Democratic party.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH AP-
PELLATE COURT OF KENTUCKY:—I am a
candidate for Judge of the Court of Ap-
peals from this District, subject to the
action of the Democratic party. As
Circuit Judge, it became my duty to try
a number of criminal cases, which have be-
come a part of the State's history and at
a most critical time. As Judge of the
State Fiscal Court, it fell to my lot to
construe the Statutes adopted, to put in
force the provisions of the new Constitu-
tion, as well as to construe the present
Constitution whenever a con-
troversy arose as to its proper construc-
tion. Almost innumerable cases have
burdened the dockets of my court, touch-
ing the rights of corporations and the ex-
ercise of franchise under law. How well
I have discharged my duties under such
trying circumstances, is left to you to de-
termine.

I will be very grateful to all who feel
they can assist me to secure the high po-
sition and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P.
Kimball, of Fayette county, as a can-
didate for the Democratic nomination for
Congress from Seventh District, subject
to the action of the district convention to
be held in the city of Lexington on
Thursday, May 12, 1904.

I am a candidate for re-election to
Congress from this District, subject to
the action of the Democratic party. I
believe in getting as close to the peo-
ple as possible, and it was my desire
that a primary election be held to select
a Democratic nominee for Congress, so
that every Democrat could have the
privilege of going to his precinct voting
place and expressing his choice, but my
opponents desired mass conventions at
the county seat, and the committee so
ordered.

I am now serving my second term as
your Representative. I have endeav-
ored, to the best of my ability, honestly,
faithfully and conscientiously to do my
duty. It is my highest ambition to se-
cure legislation for the relief of the
farmers, who have been so grossly im-
posed upon by unjust laws, and I feel
that my experience has fitted me to ren-
der valuable service on this line. If I am
permitted to continue to represent my
District.

My official duties in Washington will
prevent me from making an active per-
sonal campaign in all the counties of the
district, therefore, I will have to rely on
my friends to take care of my interest,
which I have an abiding faith they will
do. Trusting my service as a member
of Congress meets with your approval,
and hoping my candidacy will receive
your valuable aid and support, I am
Very respectfully yours,
SOUTH TRIMBLE.

FIVE BISHOPS RETIRED

Walden, Vincent, Foss, Mallalieu
and Andrews.

Eight New Bishops Are to be Elected
to Fill Vacancies Caused by Death,
Resignation and Retirement
by the Methodists.

Los Angeles, Cal., May 18.—Action
on two important matters was taken
by the general conference of the Meth-
odist church at Tuesday's session. The
report of the committee on Episcopacy
recommending that the conference
elect eight bishops to fill the vacan-
cies caused by death, resignation and
retirement during the present quad-
rennium, was adopted. At the close of
a heated and remarkable debate be-
tween Dr. James R. Buckley and Dr.
Thomas B. Neely, the two foremost
parliamentarians of the Methodist
church, the conference adopted the re-
port of the special judiciary commit-
tee which finds that the conference has
no executive authority to disinvest the
Episcopacy—that is, to substitute a
diocesan for the present itinerant form
of the residency and administration of
bishops.

The first official announcement of
the vote by which on last Saturday the
conference, superannuated Bishops An-
drews, Mallalieu, Vincent, Foss and
Walden was made to the conference in
the reading of the minutes at the open-
ing of the session, as follows:

Andrews, for retirement, 585;
against, 78.

Foss, for retirement, 500; against,
163.

Vincent, for retirement, 585;
against, 78.

Mallalieu, for retirement, 517;
against, 90.

The election of the eight bishops be-
gan Wednesday morning and it is ex-
pected to occupy considerable time, ac-
cording to the number of ballots cast,
before a final result is reached. Under
the rules of the conference there are
no nominations, the delegates being
allowed to vote for whomsoever they
wish, but that they must vote for the
full number of bishops to be elected.

The feature of Tuesday's session
was the sensational debate between
Dr. Buckley and Dr. Neely upon a sub-
stitute offered by the latter for the
judiciary committee report of the con-
stitutionality of the re-districting of
bishops.

INDIAN LANDS.

Turned Over to the Government For
Public Allotment.

Sioux Falls, S. D., May 18.—The
Rosebud Indian reservation, in the
southeastern part of South Dakota, in
the great corn belt of the Mississippi
valley, has been turned over by the In-
dians to the government for public al-
lotment under the United States home-
stead laws.

About 400,000 acres are in the res-
ervation, and the only requirement for
entering its citizenship, not less than
21 years of age, and the payment of \$1
per acre at the time of entry, with de-
ferred payments of 75 cents each at
the end of two, three, four and five
years. The applicant must be present
in person at the registry land office at
Rosebud, Fairfax or Yankton, S. D.,
for registration. The books will be
opened July 5, and the drawings begin
July 28, final entry to be made Au-
gust 6.

THE VOTE IN DENVER.

Both Parties Claim the Election of the
Mayor.

Denver, Col., May 18.—A count of
two-thirds of the tickets indicates that
Robert M. Speer, dem., is elected may-
or by 6,000 plurality. The republicans
claim that 70 per cent. of the scratch-
ed tickets are for Springer and that he
is elected by 2,000 plurality. The de-
mocrats are claiming nine out of the six-
teen aldermen and all of the supervisors.
If the face of the returns show
Speer's election, as it is believed they
will, the republicans declare they will
contest the election.

BLACK HILLS PIONEER.

H. N. Ross, the Man Who Discovered
Gold, Is Dead.

Custer, S. D., May 18.—H. N. Ross,
the oldest pioneer of the Black Hills,
died Tuesday. He had the distinction
of being the man who discovered gold
in the Black Hills. He first came here
in 1874 as a scout for Gen. Custer. He
was born near Youngstown, O., and
since a young man led a roving life
on the frontier.

Japs Hiding Their Movements.

London, May 18.—No further news
has reached London throwing light up-
on the appearance of Japanese troops
northeast of Mukden or indicating by
what route they reached that point so
unexpectedly. The Japanese are suc-
cessful in hiding their movements.

Ex-Secretary of War Root.

Washington, May 18.—Former Sec-
retary of War Hon. Elihu Root was in
conference on political matters with
the president Tuesday night. He came
to this city early in the evening and
went directly to the white house where
he remained as a guest.

Delegates Elected.

Concord, N. H., May 18.—At the Sec-
ond congressional district convention
Winston Churchill, of Cornish, the
novelist, and Bertram Ellis, of Keene,
were elected delegates to the republic-
an national convention.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain, and could find no relief, but one day when visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound,—she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."—Miss ALICE M. SMITH, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee, Minneapolis Study Club. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound carries women safely through the various natural crises and is the safe-guard of woman's health. The truth about this great medicine is told in the letters from women being published in this paper constantly.

Left in Cold Spot.

Cyrus Townsend Brady, the author, had occasion to consult his physician for a slight ailment on one of the extremely cold days recently. He was busily engaged in his literary work on the doctor's arrival. Hurrying into the reception hall from his library, he said: "Doctor, I wish you to get through with me as speedily as possible. I left the hero and heroine by the side of a little babbling brook, and I'm afraid they will freeze to death if I don't get back soon."—Argonaut.

Learned from "Poker."

In Florence, lately, one of several Italian ladies who were entertaining Mark Twain, asked what was the American national game. "Poker," he responded. When she laughingly protested that he was facetious, he gravely reiterated his statement, and added: "Madam, to the game of poker the American people owe the most valuable lesson a nation can learn: Never give up, even after you have lost your last chance."—Argonaut.

Sure to Do It.

"And you say you saw the man knocked insensible by footpads and deliberately left him in that condition in a lonely place?"

"Sure; that's just what I did. I knew he'd come 'round all right."

"What reason had you to be so certain that he'd come 'round?"

"Reason! Why, the man was a bill collector!"—N. O. Times-Democrat.

Breakfasts for School Children.

In the large German cities there are many children who must attend school, beginning at eight o'clock in winter, and seven in summer, who do not get enough to eat for breakfast. Consequently, arrangements have been made in a number of places for providing the necessary food for those in need. During the winter of 1902-1903 in the ten largest cities 24,000 were fed daily.

BAD DREAMS

Indicate Improper Diet, Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that spoil what should be restful sleep. A man who found the reason says:

"Formerly I was a slave to coffee. I was like a morphia fiend, could not sleep at night, would roll and toss in my bed and when I did get to sleep was disturbed by dreams and hobgoblins, would wake up with headaches and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks, I had sour belchings from the stomach, indigestion, heartburn and palpitation of the heart, constipation, irregularity of the kidneys, etc.

"Indeed, I began to feel I had all the troubles that human flesh could suffer, but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea, it had such a hold on me and I refused to believe it the cause.

"But it turned out that no advice was ever given at a more needed time, for I finally consented to try Postum, and with the going of coffee and the coming of Postum all my troubles have gone and health has returned. I eat and sleep well now, nerves steadied down and I write a fair hand (as you can see), can attend to business again and rejoice that I am free from the monster coffee." Name given by Postum Co., Battle Creek, Mich.

Ten days trial of Postum in place of coffee will bring sound, restful, refreshing sleep. There's a reason. Look in each pkg. for the famous little book, "The Road to Wellville."

SILK MAKING IN JAPAN.

Done Almost Entirely by Women and Girls—American Imports.

At the beginning of the Japanese-Russian war it was predicted in Lyons that the outbreak of hostilities would be accompanied by an immediate rise in the price of raw silk, as Japan produces and exports about one-twelfth of the raw silk consumed in the world. As China is near the scene of hostilities and, it was surmised, might be involved in the war it was feared that the exports from that country might also be suspended, there was, as a consequence, some uneasiness in the minds of the dealers in that article. The aggregate silk product of the world is about 111,000,000 pounds. The annual value of this product is, in round numbers, \$154,400,000. About 9,000,000 pounds of this silk come from Japan, and if that country were blockaded or the production suspended the shortage in raw silk would be very detrimental to business. But thus far the war has occasioned no change whatever in the silk market. Japanese merchants, knowing that their silk was as good as bank notes, were in no hurry to sell, except in a few isolated cases where individuals desired to contribute to the war fund. A large part of the crop was exported before the outbreak of hostilities and as it is carried in neutral ships there will be no danger of any difficulty in exporting what remains to the markets of Europe. The work of producing the raw silk is almost entirely done by women and girls. They gather the mulberry leaves, prepare them, feed the worms, and reel the silk from the cocoons. If need be they can put the raw silk in bales and prepare it for shipment. As the women are not in the army it is not likely that hostilities will in any way interfere with the production of silk. The only event in which the silk product of Japan could be withheld from the market would be the blockading of her ports.

Within the last month Lyonsese merchants have agitated the subject of imposing a duty on manufactured silk from Japan. The purchases of this silk from Japan now foot up to about \$5,790,000 annually, and it is proposed to impose upon it a protective duty of about \$1.50 per kilogram (75 cents per 1.1 pounds). When these goods are received here from Japan they are dyed and printed and reexported, large quantities of them going to the United States. They consist generally of pongees, tussahs and corahs. These goods could all be dyed in the United States. The new duty, although to be remitted when the Japanese goods are reexported, will, nevertheless, cause some inconvenience and delay. The shippers would like to avoid this if possible, and if their Japanese silks could be dyed in the United States it would save them one reshaping and the delay caused in paying the duties and in having them refunded upon transshipment to the United States. It seems to me that, with our better machinery and more skillful workmen, we might dye these goods as cheaply as the French. French manufacturers who have silk mills in the United States assure me that an American workman will do three times as much work in a day as a Frenchman. They say our men are more active. Women who have lived here and employed French dressmakers in their homes assure me that an American dressmaker will do three or four times as much work in a day as a French girl. The dyers and printers of Lyons are emphatically opposed to the proposed duty and may succeed in defeating it; but if it should be imposed, I can see no reason why our people should not take advantage of it.

JOHN C. COVERT.

LEAD MINES IN IVIZA.

Originally Discovered by the Romans and Are Still Full of the Ore.

Attempts are now being made to form a syndicate to resume the working of the argentiferous lead mines of the Compañia de Minas de Iviza. For centuries these mines have been known to exist in the little island of Iviza, one of the Balearic group. According to the mining engineers who have carefully examined the locality, the ore is to be found in abundant quantities, and the prospects are very favorable for any new undertaking with capital and modern machinery. The mines were originally discovered by the Romans, who extracted large quantities of mineral from them. It is said that a small company obtained a concession to work the mines, and that it was able to make a profit of \$3,000,000 by the sale of the ore found at the mouth of the mine, left there by the first explorers. Recently the mine became flooded, owing to the borings having opened a spring at an elevation of 100 feet above the sea level, and I am told that work has been suspended in consequence ever since. The new company will have to pump the water out, and, by tunneling, to arrange for an outlet for the spring, a matter offering no difficulty to modern appliances.

JULIUS G. LAY.

Alcohol Exhibition in Vienna.

From April 16 to May 31, 1904, an international exhibition of alcohol-using machines and of fermentation products will be held at Vienna. The purpose of the exhibition is to give a general idea of the present development of the alcohol industry and the various ways in which alcohol can best be used. The exhibition will also include brewing, distilling and manufacturing of malt, starch and vinegar. QUEEN HATSHEPSU'S TOMB.

Burial Chamber of Builder of Beautiful Temple of Der-el-Bahari Is Discovered.

The London Times has a description of the discovery, "thanks to the lavish expenditure and American tenacity of Theodore M. Davis," of an important tomb in the neighborhood of that of King Thotmes IV., of the eighteenth century dynasty, which was found in 1903 at Thebes.

Mr. Davis has discovered the tomb of the famous Queen Hatshepsu, the builder of the beautiful temple of Der-el-Bahari. It consists for the most part of a corridor sloping downward into the heart of a limestone mountain. After reaching three chambers, in spite of enormous difficulties, the burial chamber was found. Here are two sarcophagi of hard sandstones, polished like copper, covered with beautifully formed hieroglyphics, which say that one contained the mummy of Hatshepsu and her father, Thotmes I.

The lids of the sarcophagi lie on the floor. The sarcophagi are empty. Hatshepsu's mummy may be found in one of the unexplored side passages of the tombs, where, perhaps, it was deposited for the sake of safety in time of danger. The chamber is from 40 to 50 feet long. There are several side chambers which are still filled with fallen rock and rubbish, but it can be seen that they, as well as the chamber itself, are paneled with painted blocks of fine limestone.

WANTS TEN-YEAR DIVORCE.

Wife of an Indiana Editor Asks Court for Unique Decree of Separation.

Charles Martin, editor and publisher of the Westville (Ind.) Indicator, and a well-known northern Indiana politician and literary man, has been made defendant in a divorce action brought by his wife, Rose Martin, prominent in Indiana secret society circles, having served several terms as grand treasurer of the Rebekahs of Indiana.

The plaintiff alleges that her husband during 15 years of married life repeatedly beat and struck her, kicked her out of the house, dragged her around by her hair, permanently injured her, and made it necessary for her to remain in bed three months; refused to take her to church and social gatherings, refused to give her money to purchase clothing and necessities, and instructed merchants not to sell things to her; told people she was insane, and refused to speak to her, and ignored her for months at a time.

A temporary separation for ten years is prayed, also \$20 a week for support.

AFFINITY OF METEORITES.

Austrian Professor Declares They Are More Numerous in Mountainous Areas.

A total of 634 meteorites was known up to 1903, of which there were 182 iron and only 74 stones in the western hemisphere, and 299 stones and only 79 irons in the eastern hemisphere. The records show only the fall of 350 of these meteorites, dating back to the fifteenth century. Prof. Berwerth, of Vienna, despite this small number of known specimens, calculates that 900 meteorites must fall to the earth each year, not counting shooting stars that disappear in the atmosphere, and that 55 of these at least should come under observation. Prof. Berwerth finds that meteorites have been chiefly recorded in civilized countries, but that in many instances they are more numerous in thinly settled districts, and that they have a special affinity for mountainous areas.

AS GOOD AS THE BEST.

The Dining Hour of the Best People Was His Eating Time as Well.

Gen. Reyes, the president of Colombia, attended a dinner party in New York before he sailed on the Kaiser Wilhelm for Paris recently, says the New York Tribune.

"They tell me," Gen. Reyes said at this dinner, "that the United States has its share of nouveaux riches—of new-rich persons. This may be so, but I am sure that the new-rich are to be found everywhere. I like them. They make, though, strange mistakes.

"There is a new-rich—a millionaire—in Panama. This gentleman engaged a butler the other day.

"What time, sir," said the new butler, "would you wish to dine as a rule?"

"What time do the best people dine?" said the new-rich.

"At different times, sir," the butler answered.

"Very well," said the new-rich. "Then I, too, will dine at different times."

Gained Twenty Pounds.

Harford Mills, N. Y., May 16.—This neighborhood is aroused as never before by some wonderful cures by Dodd's Kidney Pills. These began with the case of Mrs. J. D. Wallace, who had been in very poor health for a long time and who had got so bad at last that she couldn't walk from her home to the village and back, a distance of about eighty rods, without being tired out and in pain all over.

She had only used a few of Dodd's Kidney Pills, when she noticed a change for the better and in a very short time she was able to walk any reasonable distance and do any kind of woman's work without feeling any bad effects.

She has gained twenty pounds in weight in three months and is now as well a woman as could be found. She declares the Dodd's Kidney Pills deserve all the credit for her wonderful restoration.

SORE HANDS.

Itching, Burning Palms and Painful Finger Ends—Complete Cure by Cuticura.

One Night Treatment: Soak the hands on retiring, in a strong, hot, creamy lather of Cuticura Soap. Dry, and anoint freely with Cuticura Ointment, the great skin cure and purifier of eczema, scalds, etc., during the night, old, loose skin, scales, or bandage lightly in old, soft cotton or linen. For red, rough and chapped hands, dry, fissured, itching, feverish palms, with brittle, shapless nails and painful finger ends, this treatment is simply wonderful, frequently curing in a single application. In no other ailment have Cuticura Soap and Cuticura Ointment been more effective.

SOCIETY WRECKED HER LIFE.

Mrs. Finn.

A woman in society is obliged to keep late hours. She must attend receptions and balls. She seldom allows herself a quiet evening at home. Her whole time is taken up in keeping engagements or entertaining in her own home.

Her system becomes completely run down as a consequence. She soon finds herself in a condition known as systemic catarrh. This has also been called catarrhal nervousness.

If every society woman could know the value of Peruna at such a time, if they could realize the invigorating, strengthening effect that Peruna would have, how much misery could be avoided.

Letters from society women all over the United States testify to the fact that Peruna is the tonic for a run down, depleted nervous system.

A Pretty New York Woman's Recovery the Talk of Her Numerous Friends.

Mrs. J. E. Finn, 83 East High street, Buffalo, N. Y., writes: Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete rest for a year. As this was out of the question for a time, I began to look for some other means of restoring my health.

"I had often heard of Peruna as an excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated me, and in less than two months I was in perfect health, and now when I feel worn out or tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

Mrs. J. W. Reynolds, Elkton, Ohio, writes:

"I owe my health and life to Peruna. We rarely call in a physician, in fact it has been years since I have taken any other medicine than yours. I am afraid of drugs, and although I have been sick many times I have taken only your medicines. They are wonderful indeed. We have a very large house and entertain a great deal, and I do all my own work, thanks to Peruna."—Mrs. J. W. Reynolds.

Free Treatment for Women.

Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No fee medicine will be supplied by the doctor, but all necessary directions will be furnished.

Read what the above ladies have to say of Peruna as a cure for these cases. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

THE MAN BEHIND THE GUN

Is our name for the patent Separating Grate and Check Plate in the famous RED RIVER SPECIAL THRESHER.

It has the Big Cylinder, with lots of concave and open grate surface.

It has the Man Behind the Gun, that does most of the separating right at the cylinder.

Besides these, it has all the separating capacity of other machines.

The average old-style small cylinder thrasher wastes enough grain and time to pay your thresh bill.

Why not save the grain ordinarily put into the straw stack? Why not save the time which the ordinary threshing outfit wastes for you?

This can be done by employing the RED RIVER SPECIAL.

It runs right along, saving your grain and saving time, regardless of conditions.
